Why Technivorm Coffee Makers from AA First?

1. Uncomplicated, reliable and service friendly, non scratch surface lasting longer than stainless steel bodies
2. Technivorm boilers do not need priming – therefore easy to install by end user
3. Non scratch surface powder coating and enamelled hotplates ensure that Technivorm Coffee Makers look good and last longer than Stainless Steel bodied machines
4. All Technivorm equipment use the same spares – quick and easy to understand
5. Technivorm equipment has a very narrow footprint and its cream/jet black or polished silver livery looks extremely smart in an office or restaurant/catering environment
6. Technivorm Coffee Makers have achieved the highest awards for quality of coffee brewed
7. AA First aim to ship orders received before 3pm, on the same day for next day delivery (mainland UK)

COFFEE MAKERS DO NOT NEED TO BE COMPLICATED THIS ONLY INCREASES SERVICE CALL COSTS.

Coffee Makers From AA First

- BRUSHED STAINLESS STEEL
- 19X32X52

Why Water Coolers from AA First?

1. AA Water Coolers are well designed and sturdily built by Wonbong in Korea (who have an annual production capacity of 1,000,000 Coolers). Avoiding unnecessary “gadgets” makes them easy to service and provides a high and proven level of reliability.
2. AA Water Coolers are easily converted from Bottled - to POU Coolers saving money and providing maximum flexibility.
3. In addition to the standard range of 1000/1100 Coolers, we supply the upmarket range of 3300X Coolers. Designed in the UK with a back lit logo panel, an inbuilt cup dispenser (floor standing units only) in anthracite/silver or all silver livery, the floor standing unit is taller - to avoid having to kneel down when getting a drink - and the table top unit is lower so that it fits under overhanging kitchen cupboards.
4. AA First offer a extensive range of innovative accessories and supplies from Magnetic Cup Holders to state of the art CoolerClean Sanitising Solution, to a simple Ingredients Dispenser to go on the side of your Cooler and a whole range of Carbon Block, Ceramic, UV Filters and plumbing in accessories.
5. AA First aim to ship orders received before 3pm, on the same day for next day delivery (mainland UK).
6. AA First Ltd will be price competitive, but more importantly our aim is to be the best!

HIGH QUALITY PRODUCTS, SIMPLE TO MAINTAIN, A FIRST CLASS SERVICE AT COMPETITIVE PRICES
